

Chapter 42. Requirements for Management of Fluorescent Light Ballasts which Contain Polychlorinated Biphenyls (PCBs)

§67426.1. Generator Requirements.

(a) A generator of fluorescent light ballasts which contain PCBs who transports off-site no more than two fifty-five gallon drums per transportation vehicle shall be exempt from the standards set forth in Article 1, Article 2, and Article 4 of Chapter 12 of this division. The regulations in this chapter apply only to the management of light ballasts which contain PCBs.

(b) The generator of fluorescent light ballasts shall retain for three years a legible copy of each manifest or shipping document to document the transportation of hazardous waste consisting of fluorescent light ballasts which contain PCBs.

NOTE: Authority cited: Section 25150, Health and Safety Code. Reference: Section 25155, Health and Safety Code.

HISTORY

1. New chapter 42 (sections 67426.1—67429.1) filed 4—23—93 as an emergency; operative 4—23—93 (Register 93, No.17). A Certificate of Compliance must be transmitted to OAL 8—23—93 or emergency language will be repealed by operation of law on the following day.
2. Repealer of chapter 42 (sections 67426.1—67429.1) and section by operation of Government Code section 11346.1(g) (Register 93, No. 43).
3. New chapter 42 (sections 67426.1—67429.1) and section filed 10—20—93; operative 10—20—93 pursuant to Government Code section 11343.4(d) (Register 93, No. 43).
4. Editorial correction amending HISTORY 2 and adding HISTORY 3 (Register 97, No. 7).

§67427.1. Exemption From Requirement for Extremely Hazardous Waste Disposal Permit.

Generators of fluorescent light ballasts which contain PCBs shall be exempt from filing for an Extremely Hazardous Waste Disposal Permit required by § 67430.1.

NOTE: Authority cited: Section 25150, Health and Safety Code. Reference: Section 25155, Health and Safety Code.

HISTORY

1. New section filed 4—23—93 as an emergency; operative 4—23—93 (Register 93, No.17). A Certificate of Compliance must be transmitted to OAL 8—23—93 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of Government Code section 11346.1(g) (Register 93, No. 43).
3. New section filed 10—20—93; operative 10—20—93 pursuant to Government Code section 11343.4(d) (Register 93, No. 43).
4. Editorial correction amending HISTORY 2 and adding HISTORY 3 (Register 97, No. 7).

§67428.1. Transportation Requirements.

(a) A transporter of twelve or fewer non-leaking fluorescent light ballasts which contain PCBs shall be exempt from Chapter 13 of this division provided that the containers which contain the ballasts do not include any other hazardous waste.

(b) A transporter of more than twelve non-leaking light ballasts which contain PCBs shall be exempt from Article 1 and Article 2 of Chapter 13 of this division pertaining to the transportation of a hazardous waste provided all of the following conditions are met:

(1) The transporter shall use a shipping paper which contains all the information required pursuant to Title 49, Code of Federal Regulations, Part 172, Subpart C to document the transportation of the fluorescent light ballasts. The shipping paper must accompany the shipments of fluorescent light ballasts.

(2) The total amount of fluorescent light ballasts which contain PCBs being transported is no more than two 55 gallon drums of non-leaking fluorescent light ballasts per load.

(3) The containers used for transportation of fluorescent light ballasts which contain PCBs meet all applicable federal and state regulations.

(4) When transporting hazardous waste consisting of fluorescent light ballasts which contain PCBs, the containers which contain the ballasts shall not include any other hazardous waste.

(5) Any discharges or spills of hazardous waste consisting of fluorescent light ballasts which contain PCBs shall be reported and cleaned up as required in Article 3, Chapter 13 of this division.

(6) The transporter of light ballasts shall retain for three years a legible copy of each manifest or shipping documents to document the transportation of hazardous waste consisting of fluorescent light ballasts which contain PCBs.

(c) Transfer of hazardous waste consisting of fluorescent light ballasts which contain PCBs from one container to another container is not subject to the requirements of this division provided the containers hold no other hazardous waste.

NOTE: Authority cited: Section 25150, Health and Safety Code. Reference: Section 25155, Health and Safety Code.

HISTORY

1. New section filed 4—23—93 as an emergency; operative 4—23—93 (Register 93, No.17). A Certificate of Compliance must be transmitted to OAL 8—23—93 or emergency language will be repealed by operation of law on

the following day.

2. Repealed by operation of Government Code section 11346.1(g) (Register 93, No. 43).
3. New section filed 10—20—93; operative 10—20—93 pursuant to Government Code section 11343.4(d) (Register 93, No. 43).
4. Editorial correction amending HISTORY 2 and adding HISTORY 3 (Register 97, No. 7).

§67429.1. Disposal Requirements.

(a) Disposal of fluorescent light ballasts which contain PCBs shall be in accordance with §66268.110.

NOTE: Authority cited: Section 25150, Health and Safety Code. Reference: Section 25155, Health and Safety Code.

HISTORY

1. New section filed 4—23—93 as an emergency; operative 4—23—93 (Register 93, No.17). A Certificate of Compliance must be transmitted to OAL 8—23—93 or emergency language will be repealed by operation of law on the following day.
2. Repealed by operation of Government Code section 11346.1(g) (Register 93, No. 43).
3. New section filed 10—20—93; operative 10—20—93 pursuant to Government Code section 11343.4(d) (Register 93, No. 43).
4. Editorial correction amending HISTORY 2 and adding HISTORY 3 (Register 97, No. 7).
